

Planning for **Trails & Trilliums 2025** is well underway. See the leadership organization below. We are putting the finishing touches on the schedule and program and should open registration soon.

It will look very much like last year, with a few notable changes:

- There will be no separate family adventure program (separately ticketed, staffed, etc.). Instead we will incorporate child and family friendly programming within the regular Trails & Trilliums programming.
- At present we have not found a vendor for a plant sale.
- To avoid schedule confusion, all presentations and walks will start according to a consistent, fixed schedule. Hikes will still stagger to avoid Hike Central confusion.
- All weekend passes will include Wine and Wildflowers. Local residents and attendees with day passes can still purchase a W&W ticket.
- Based on last year's experience and Raymond's excellent notes and feedback, we are reducing the number of volunteers requested.
- With the exception of a few longer hikes, all programming will stop on Saturday from 12:00 - 2:00 for a Plenary Lunch Session in Smith.
- Our main goal this year is to produce the same quality experience while reducing the stress and demands on our volunteers, primarily through simplified scheduling, improved communication, and efficient planning.

2025 T&T Leadership

* denotes Steering Committee Member

Event Co-Chairs - Ned Murray* and Tom Sanders*

Online Registration & Data Management - Andrea Sanders*

Food, Lodging, Site Management - Deb Tucker*

Website - Jenny Barsotti*
